Seminary Saturday

PTS campus *8:30 a.m.–1:00 p.m.*

Attention! Field education students: You should have received notice recently about Seminary Saturday. This event presents a perfect opportunity to introduce your church youth groups to the Seminary and to encourage a possible vocation among them by showing them firsthand how seminarians live and work.

There will be separate programs for teens and adults. Both groups will have the opportunity to tour the campus and to listen to the Princeton Seminary Touring Choir under the direction of Martin Tel.

Also included in the day's events are a box lunch and tickets to the Princeton-Harvard football game. The cost is $5 for adults and $3 for students under 18. Response form and payment must be postmarked by October 9 to ensure availability of lunch and football game tickets.

Students are requested not to park on the quad or in the staff parking lot after 8:00 a.m. on this date so that sufficient parking will be available for our 700 or so guests.

◆ Notices from the Facilities Office

Campus Parking:
Residents of the West Windsor campus:
Due to the final stages of construction on Payne Hall, Miller Chapel, and Scheide Hall, parking on the campus will be extremely tight through mid-October. Numerous construction workers will be here finishing up their work.

We strongly advise that you make maximum use of the shuttle bus and carpooling during this period. This will relieve your parking stress. Your understanding and cooperation are greatly appreciated.

Fire Equipment Tampering:
The Seminary has instituted a $25 fine for **tampering with any fire safety equipment in any of the campus buildings.** This would include, but not be limited to, fire extinguishers, fire hoses, smoke detectors, sprinkler heads and pipes, other fire alarm systems and bells, and automatic door closers.

The Seminary continues to work to upgrade fire and safety protection throughout its facilities. This equipment is for your benefit, and we request and expect your cooperation in not tampering with it in any way. **The sensitivity of smoke and heat detectors is set for your protection and cannot be changed.** We will try to work with you if you have other concerns.

The Seminary is in the initial stages of planning to install sprinkler systems in all of its non-sprinklered multiple-residential buildings over the next three to four years in accordance with a recently passed state law.

Thank you for your attention and cooperation in not tampering with fire and life-safety equipment.

Seminary Saturday
PTS campus *8:30 a.m.–1:00 p.m.*
Attention! Field education students: You should have received notice recently about Seminary Saturday. This event presents a perfect opportunity to introduce your church youth groups to the

Seminary and to encourage a possible vocation among them by showing them firsthand how seminarians live and work.

There will be separate programs for teens and adults. Both groups will have the opportunity to tour the campus and to listen to the Princeton Seminary Touring Choir under the direction of Martin Tel.

Also included in the day's events are a box lunch and tickets to the Princeton-Harvard football game. The cost is $5 for adults and $3 for students under 18. Response form and payment must be postmarked by October 9 to ensure availability of lunch and football game tickets.

Students are requested not to park on the quad or in the staff parking lot after 8:00 a.m. on this date so that sufficient parking will be available for our 700 or so guests.

General ❖ Notices

◆ West Nile Virus Precautions

The Department of Health advises residents of Princeton to become educated, but not alarmed, about the problem of the West Nile virus, and has provided the following information: The virus is transmitted by mosquitoes and occasionally will cause encephalitis (an inflammation of the brain). The virus affects mostly birds and humans. Mosquitoes spread the virus while biting to ingest blood. The virus is neither transmitted person-to-person, nor by handling live or dead infected birds.

The following recommendations should be followed:
1) Mosquitoes prefer standing, stagnant water to reproduce. Residents should be alert to places where mosquitoes can breed, such as discarded tires, bird baths, wading pools, forgotten pots, buckets, or other outdoor containers.

2) If possible, stay indoors at dawn, dusk, and in the early evening.

3) Wear long-sleeved shirts and long pants when you are outdoors.

4) Apply insect repellents sparingly to exposed skin. Avoid applying repellents with a higher than 50% content of DEET. The recommended dose of DEET for adults is 20-30% and no more than 15% for children. Do not apply more than twice daily and avoid inhaling the repellents. Spray clothing with insect repellents, as mosquitoes can bite through thin clothing.

5) For additional information, contact the Princeton Health Department at 497-7608 or the Mercer County Mosquito Control at 530-7501.

◆ Support Groups and Therapy Workshops

Preparation for ministry includes addressing personal issues and "unfinished business." Many students and spouses enjoy a group structure instead of, or in addition to, individual counseling. If you are dealing with a particular issue and would like to be part of a workshop or an ongoing group focused on that theme, please contact Nancy Schongalla-Bowman, director of student counseling, through the chapel office or email.

Groups or workshops could center around dealing with depression; overcoming addictive patterns in relation to food, sexuality, substances, etc.; family of origin concerns; anger management; dealing with the effects of abuse; adult children of alcoholics issues; loss; relationship enhancement; sexual orientation; chronic illness; codependence and boundary issues; stress management; and handling habits such as perfectionism, procrastination, or workaholism. Your feedback is most welcome as your ideas and needs will determine what groups or workshops are offered. McCosh Health Center also offers a variety of groups that are open to PTS students and families.

◆ Notices from the Facilities Office

Campus Parking:
Residents of the West Windsor campus:
Due to the final stages of construction on Payne Hall, Miller Chapel, and Scheide Hall, parking on the campus will be extremely tight through mid-October. Numerous construction workers will be here finishing up their work.

We strongly advise that you make maximum use of the shuttle bus and carpooling during this period. This will relieve your parking stress. Your understanding and cooperation are greatly appreciated.

Fire Equipment Tampering:
The Seminary has instituted a $25 fine for **tampering with any fire safety equipment in any of the campus buildings.** This would include, but not be limited to, fire extinguishers, fire hoses, smoke detectors, sprinkler heads and pipes, other fire alarm systems and bells, and automatic door closers.

The Seminary continues to work to upgrade fire and safety protection throughout its facilities. This equipment is for your benefit, and we request and expect your cooperation in not tampering with it in any way. **The sensitivity of smoke and heat detectors is set for your protection and cannot be changed.** We will try to work with you if you have other concerns.

The Seminary is in the initial stages of planning to install sprinkler systems in all of its non-sprinklered multiple-residential buildings over the next three to four years in accordance with a recently passed state law.

Thank you for your attention and cooperation in not tampering with fire and life-safety equipment.

◆ Support Groups and Therapy Workshops

Preparation for ministry includes addressing personal issues and "unfinished business." Many students and spouses enjoy a group structure instead of, or in addition to, individual counseling. If you are dealing with a particular issue and would like to be part of a workshop or an ongoing group focused on that theme, please contact Nancy Schongalla-Bowman, director of student counseling, through the Chapel Office or email.

Groups or workshops could center around dealing with depression; overcoming addictive patterns in relation to food, sexuality, substances, etc.; family of origin concerns; anger management; dealing with the effects of abuse; adult children of alcoholics issues; loss; relationship enhancement; sexual orientation; chronic illness; codependence and boundary issues; stress management; and handling habits such as perfectionism, procrastination, or workaholism. Your feedback is most welcome as your ideas and needs will determine what groups or workshops are offered. McCosh Health Center also offers a variety of groups that are open to PTS students and families.

◆ Notices from the Facilities Office

Campus Parking:

Residents of the West Windsor campus:
Due to the final stages of construction on Payne Hall, Miller Chapel, and Scheide Hall, parking on the campus will be extremely tight through mid-October. Numerous construction workers will be here finishing up their work.

We strongly advise that you make maximum use of the shuttle bus and carpooling during this period. This will relieve your parking stress. Your understanding and cooperation are greatly appreciated.

Fire Equipment Tampering:

The Seminary has instituted a $25 fine for **tampering with any fire safety equipment in any of the campus buildings.** This would include, but not be limited to, fire extinguishers, fire hoses, smoke detectors, sprinkler heads and pipes, other fire alarm systems and bells, and automatic door closers.

The Seminary continues to work to upgrade fire and safety protection throughout its facilities. This equipment is for your benefit, and we request and expect your cooperation in not tampering with it in any way. **The sensitivity of smoke and heat detectors is set for your protection and cannot be changed.** We will try to work with you if you have other concerns.

The Seminary is in the initial stages of planning to install sprinkler systems in all of its non-sprinklered multiple-residential buildings over the next three to four years in accordance with a recently passed state law.

Thank you for your attention and cooperation in not tampering with fire and life-safety equipment.

Counseling at Princeton Theological Seminary

The opportunities and challenges that "come with the territory" at PTS guarantee that students and spouses stretch and grow in unexpected ways while here. Stresses come from many sources, and counseling can help individuals gain perspective, healing, and new skills for addressing issues. Often what makes or breaks a person in ministry is not his or her academic preparation, but a combination of interpersonal, spiritual, and psychological strengths, such as self-knowledge, self-acceptance, self-responsibility, good self-care, appropriate self-expectations, a solid faith, etc. The range of issues addressed in counseling is wide—depression; anxiety; academic and vocational concerns; relationship struggles of all kinds; faith; family of origin problems; compulsive behaviors involving eating, substances, sexuality, pleasing, anger, etc.; loss; sexual orientation; health problems; abuse or trauma; adjusting to PTS; to name a few.

Appointments can be scheduled with Nancy Schongalla-Bowman, director of student counseling, by calling the Chapel Office (497-7890). The first session is free, and subsequent sessions cost $10 each. A seasoned therapist and PTS alum, Nancy is ordained, a clergy spouse, and a supervisor in the American Association for Marriage and Family Therapy. Subsidized counseling is also available through the McCosh Health Center (258-3285) and through Trinity Counseling Center (924-0060). Counseling is confidential in all settings, and a guideline of 10-12 sessions/academic year maximizes access to these services.

◆ Counseling at Princeton Theological Seminary

The opportunities and challenges that "come with the territory" at PTS guarantee that students and spouses stretch and grow in unexpected ways while here. Stresses come from many sources, and counseling can help individuals gain perspective, healing, and new skills for addressing issues. Often what makes or breaks a person in ministry is not his or her academic preparation, but a combination of interpersonal, spiritual, and psychological strengths, such as self-knowledge, self-acceptance, self-responsibility, good self-care, appropriate self-expectations, a solid faith, etc. The range of issues addressed in counseling is wide—depression; anxiety; academic and vocational concerns; relationship struggles of all kinds; faith; family of origin problems; compulsive behaviors involving eating, substances, sexuality, pleasing, anger, etc.; loss; sexual orientation; health problems; abuse or trauma; adjusting to PTS; to name a few.

Appointments can be scheduled with Nancy Schongalla-Bowman, director of student counseling, by calling the Chapel Office (497-7890). The first session is free, and subsequent sessions cost $10 each. A seasoned therapist and PTS alum, Nancy is ordained, a clergy spouse, and a supervisor in the American Association for Marriage and Family Therapy. Subsidized counseling is also available through the McCosh Health Center (258-3285) and through Trinity Counseling Center (924-0060). Counseling is confidential in all settings, and a guideline of 10-12 sessions/academic year maximizes access to these services.

◆ Student Government Focus Group: Proposals to Change Academic Year Calendar

Last year the student body presented a petition to the faculty asking for a change in the academic year calendar so that all fall semester classes and final exams could be completed by the beginning of Christmas break. There are many specific circumstances governing the calendar that indicate that beginning the fall semester earlier may not be the best option for PTS.

With the support of the faculty, Student Government is forming a focus group to search for creative alternatives to solve the matter. The group will meet once, sometimes twice, each month for the purpose of compiling Seminary input and outside information in order to propose a workable solution. If you want to serve and make a contribution to this project, please contact Beverly Frazier for more information about the first meeting.

◆ Student Government Focus Group: Proposals to Change Academic Year Calendar

Last year the student body presented a petition to the faculty asking for a change in the academic year calendar so that all fall semester classes and final exams could be completed by the beginning of Christmas break. There are many specific circumstances governing the calendar that indicate that beginning the fall semester earlier may not be the best option for PTS.

With the support of the faculty, Student Government is forming a focus group to search for creative alternatives to solve the matter. The group will meet once, sometimes twice, each month for the purpose of compiling Seminary input and outside information in order to propose a workable solution. If you want to serve and make a contribution to this project, please contact Beverly Frazier for more information about the first meeting.
